SECTION I. INSTRUCTIONS TO PROPONENTS (ITP)

A. GENERAL		
1. Scope of Proposal	1.1	<p>The Lessor;</p> <p>HOUSING DEVELOPMENT CORPORATION LIMITED an incorporated limited liability company operating under the registration number C793/2008 and having its registered office at HDC Building, 3rd Floor, Hulhumalé Republic of Maldives (hereinafter called and referred to as "the Lessor",) issues this Request for Proposal (RFP) for Project specified in Section V. Lessor's Requirements. The name of the Project and Proposal Reference Number of this RFP is provided in the RFP Data Sheet.</p>
	1.2	<p>Throughout this RFP Documents:</p> <p>(a) the term "in writing" means communicated in written form and delivered against receipt;</p> <p>(b) except where the context requires otherwise, words indicating the singular also include the plural and words indicating the plural also include the singular; and</p> <p>(c) "day" means calendar day.</p>
2. Corrupt and Fraudulent Practices	2.1	<p>It is requirement of Lessor that proponents, suppliers, contractors and their agents (whether declared or not), sub-contractors, sub-consultants, service providers or suppliers, and any personnel thereof, observe the highest standard of ethics during RFP process and execution of Works. In pursuance of this policy, the Lessor:</p> <p>(a) defines, for the purposes of this provision, the terms set forth below as follows:</p> <p>(i) "Corrupt practice" means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and</p>

		<p>(ii) "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of HDC, and includes collusive practice among Proponent (prior to or after Proposal submission) designed to establish Proposal prices at artificial noncompetitive levels and to deprive HDC of the benefits of free and open competition.</p> <p>(b) will reject a proposal for award if it determines that the proponent recommended for award, or any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/or their employees, has, directly or indirectly, engaged in corrupt or fraudulent practices in competing for the contract in question.</p> <p>(c) will sanction a firm or individual, at any time including declaring such firm or individual ineligible, either indefinitely or for a stated period of time: to be awarded a contract from Lessor.</p> <p>(d) will terminate the contract after having given fourteen (14) days' notice to the Proponent.</p>
<p>3. Eligible Proponents</p>	<p>3.1</p>	<p>A Proponent must be a registered business (sole trader, partnership or limited liability company) – subject to ITP 3.2 and ITP 3.3.</p>
	<p>3.2</p>	<p>Unless otherwise specified in the RFP data sheet, in case a Joint Venture (JV) is proposed by Proponent(s) the minimum percentage of equity share proportion of local partner(s) in a JV shall not apply.</p>
	<p>3.3</p>	<p>A Proponent shall not have a conflict of interest. Any Proponent found to have a conflict of interest shall be disqualified. A Proponent may be considered to have a conflict of interest for the purpose of this RFP process, if the Proponent:</p>

		<p>(a) directly or indirectly controls, is controlled by or is under common control with another Proponent; or</p> <p>(b) receives or has received any direct or indirect subsidy from another Proponent; or</p> <p>(c) has a relationship with another Proponent, directly or through common third parties, that puts it in a position to influence the proposal of another Proponent, or influence the decisions of the Lessor regarding this RFP process; or</p> <p>(d) submits more than one proposal in this RFP process by business entity. Participation by a Proponent in more than one Proposal will result in the disqualification of all Proposal in which such Proponent is involved.</p>
	3.4	A Proponent shall not be under suspension from proposal submission by the Lessor.
	3.5	A Proponent shall provide such evidence of eligibility satisfactory to the Lessor, as the Lessor shall reasonably request.

B. CONTENTS OF RFP DOCUMENTS

4. Sections of RFP Documents	4.1	<p>The RFP Documents include all the Sections specified below, and should be read in conjunction with any Addenda issued in accordance with ITP 6.</p> <ul style="list-style-type: none"> • Section I. 		of the record. A copy of the record shall be distributed to all Proponents who submitted proposal on time.
D. EVALUATION AND COMPARISON OF PROPOSALS		
19. Confidentiality	19.1	Information relating to the evaluation of proposals, comparison of proposals and recommendation of contract award shall not be disclosed to Proponents or any other persons not officially concerned with the RFP process until information on Contract award is communicated to all Proponents in accordance with ITP 27.
	19.2	Any attempt by a Proponent to influence the Lessor in the evaluation of the proposals or Contract award decisions may result in the rejection of its proposal.
	19.3	Notwithstanding ITP 20.2, from the time of proposal opening to the time of Contract award, if a Proponent wishes to contact the Lessor on any matter related to the RFP process, it shall do so in writing.
20. Clarification of Proposals	20.1	To assist in the examination, evaluation, and comparison of the proposals, and qualification of the Proponents, the Lessor may, at its discretion, ask any Proponent for a clarification of its proposal, giving a reasonable time for a response. Any clarification submitted by a Proponent that is not in response to a request by the Lessor shall not be considered. The Lessor's request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the proposal shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Lessor in the evaluation of the proposals, in accordance with ITP 24.

	20.2	If a Proponent does not provide clarifications of its proposal by the date and time set in the Lessor's request for clarification, its proposal may be rejected.
21. Deviations, Reservations, and Omissions	21.1	<p>During the evaluation of proposal, the following definitions apply:</p> <p>(a) "Deviation" is a departure from the requirements specified in the RFP Documents;</p> <p>(b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the RFP Documents; and</p> <p>(c) "Omission" is the failure to submit part or all of the information or documentation required in the RFP Documents.</p>
22. Determination of Responsiveness	22.1	The Lessor's determination of a proposal's responsiveness is to be based on the contents of the proposal itself, as defined in ITP 9.1.
	22.2	A substantially responsive proposal is one that meets the requirements of the RFP Documents without material deviation, reservation, or omission.
	22.3	<p>A substantially responsive proposal is one that meets the requirements of the RFP Documents without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that,</p> <p>(a) if accepted, would</p> <p>(i) affect in any substantial way the scope, quality, or performance of the Works specified in the Contract; or</p> <p>(ii) limit in any substantial way, inconsistent with the RFP Documents, the Lessor's rights or the Proponent's obligations under the proposed Contract; or</p>

		(b) if rectified, would unfairly affect the competitive position of other Proponents presenting substantially responsive proposal.
	22.4	If a proposal is not substantially responsive to the requirements of the RFP Documents, it shall be rejected by the Lessor and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.
<p>23. Correction of Arithmetical Errors</p>	23.1	<p>Provided that the proposal is substantially responsive, the Lessor shall correct arithmetical errors on the following basis:</p> <ul style="list-style-type: none"> (a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Lessor there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected; (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.
	23.2	Proponents shall be requested to accept correction of arithmetical errors. Failure to accept the correction in accordance with ITP 23.1, shall result in the rejection of the Proposal.

24. Evaluation of Proposal	24.1	The Lessor shall use the criteria and methodologies listed in Section III Qualification and Evaluation Criteria.
25. Lessor's Right to Accept Any Proposal, and to Reject Any or All Proposal	25.1	The Lessor reserves the right to accept or reject any proposal, and to annul the RFP process and reject all proposal at any time prior to contract award, without thereby incurring any liability to Proponents. In case of annulment, all proposals submitted and specifically, bid securities, shall be promptly returned to the Proponents.
E. AWARD OF CONTRACT		
26. Award Criteria	26.1	Subject to ITP 25.1, the Lessor shall conditionally award the Contract to the Proponent(s) whose proposals has been determined to be substantially responsive to the RFP Documents and scored the highest marks as specified in ITP 24.1, provided further that the Proponent is determined to be qualified to perform the Contract satisfactorily.
	26.2	In case multiple lease units specified in Section V, the Lessor shall conditionally award the Contract to the Proponents as per evaluation ranking subject to ITP 26.1
27. Unit Selection	27.1	Priority for unit selection shall be given to the successful Proponent based on evaluation ranking.
28. Notification of Conditional Award	28.1	Prior to the expiration of the period of proposal validity, the Lessor shall notify the successful Proponent, in writing, that its proposal has been accepted.
	28.2	Until a formal contract is prepared and executed, the successful Proponents' proposal and the notification of conditional award shall constitute a binding Contract.
	28.3	Failure of the successful Proponent to fulfill the obligations in ITP 29 and ITP 30 or sign the Contract in accordance with ITP 31 shall constitute sufficient grounds for the annulment of the conditional award and forfeiture of the bid security. In that event the Lessor may award the Contract to the next highest evaluated Proponent

		whose offer is substantially responsive and is determined by.
29. Concept Drawing & Work Schedule	29.1	Within 20 (twenty) days of the receipt of notification of conditional award from the Lessor, the successful Proponent shall submit concept design and work schedule.
	29.2	In case the Proponent is required to submit the concept drawing in Section IV. Business Proposal Requirement, the Lessor will review the submitted concept drawing and if required provide comments for concept drawing along with the notification of conditional award. The successful proponent shall rectify the concept drawing and submit revised concept drawing within 14 (fourteen) days of the receipt of notification of conditional award from the Lessor.
30. Lease Deposit	30.1	Within 07 (Seven) days of notification and prior to execution of the signing of agreement in accordance with ITP 30.1, the successful proponent shall pay a lease deposit, equivalent to three (03) months rent for the year one (01), to the account which will be notified in the Letter of Award. Promptly upon notification, the Lessor shall send the successful Proponent the Contract Agreement.
31. Signing of Contract	31.1	Promptly upon notification of the conditional award, the Lessor shall send the successful Proponent the Contract.
	31.2	Within 7 (seven) days of the success fulfilment of the obligation stipulated in ITP 29 and ITP 30, successful Proponent shall sign the Contract with Lessor.

The guidelines set out below will be applied for the development and usage of the commercial units developed in the ground floor of the Hiyaa project and are to be applied by HDC. Tenants leasing these units to carry out commercial development are to apply these in the conduct of their affairs and check from HDC through enquiries/applications to confirm their proposals are in line with these guidelines at all times.

HDC reserves the right to evaluate and impose conditions not covered in these guidelines in response to specific design or usage depending on merits. HDC reserves the right to modify or withdraw any part of this guideline and to make such other and further changes as deemed necessary for the operation of the commercial area and these guidelines will be binding upon each tenant.

1. INTRODUCTION

Inaugurated in 2017, Hiyaa project is aimed to resolve the Housing gap by providing 6720 housing units. The project is targeted as a high dense housing project to cater around 30,000 to 40,000 people. The spaces created in the ground floor are dedicated for the development of commercial and institutional uses needed to cater for the residents and the general public in order to provide the essential services needed to ensure a livable community is achieved within the development.

2. PURPOSE

While the primary target of the Hiyaa project is to provide housing for Maldivians, it is also important to consider the essential needs of residents who will be occupying the towers and needs of the visitors as well. Following a preliminary need analysis, the ground floors of each of these towers have been planned out by HDC, to cater to the potential commercial activities and essential services required for the occupants of the towers.

The purpose of this guideline is to ensure that a standard is maintained amongst the commercial developments and to create an environment where its commercial activities will not disrupt the living atmosphere of the residents of the buildings.

It is important to understand that needs and service requirements are everchanging, hence the allocation of these units are planned in different phases, where they will be leased as per market demand. The underlying category classes will be the basis of reference for unit allocation purposes.

3. DEFINITIONS

“**Area**” of the unit is the area within the bounds of the unit and does not involve the carpet area.

“**Building**” shall mean the building defined by the boundary lines shown on the Land and Location Map attached.

“**Common Areas**” include common corridors, courtyards and common toilets.

“**Law**” shall mean the laws of the Republic of Maldives. This shall include, but is not limited to, any and all existing legislation, rules, regulations and all amendments and/or revisions thereto from time to time.

“**Management office**” refers to the offices located at tower H1, H4, H5, H8, H9, H11, H13 and H16 of the premises where the management staff are to be stationed.

“**Property Manager**” refers to the commercial property manager allocated for the unit from HDC.

“**Lessor**” refers to Housing Development Corporation.

“**Tenant**” refers to the party that has been awarded the unit.

“**Unit**” refers to the leased area to the tenants.

4. THE PREMISES

4.1 Area Layout

4.2 Building Amenities

Number of units	Allocated Area (Sqft)	Proposed Usage
08	900	Management and Security offices
08	550	Common Toilets
16	550	Garbage room

5. DRAWING REQUIREMENT AND GUIDELINES.

5.1 Usage Specific Guidelines

These are a general set of instructions for the tenants to give a better understanding of some important elements that has to be focused by the tenants while preparing the proposals. These guidelines will differ from property to property.

5.1.1 All Commercial Units (General)

- Incorporation of energy efficient appliances, fixtures and HVAC (Heating, ventilation and air-conditioning) systems (Estimated load requirements to be submitted with drawing and should not exceed the available limit allocated for the unit.
- Use of energy efficient lights whenever applicable.
- A general space distribution plan which shows Storage spaces, waste management with allowance for general waste and recyclable separately, and circulation plans with disability access.
- Water meters and sewerage connection points should be provided as per approved design; hence these areas have to be specified.

5.1.2 F&B outlets

These units are reserved for cafés, restaurants, coffee shops, and other food services that involve the preparation and handling of food. Provisions are given for the use of commercial grade equipment and should meet the HVAC requirements required by relevant authorities. Design should distinguish food production area, service areas, dining area, storage and other support areas. Circulation plans to the areas (eg: movement of supply from loading area, waste removal etc should be integrated into the designs).

- Odor control and Noise Control

In food production areas, provide ducted exhausts to all cooking equipment, hood vents with filter systems at discharge to reduce cooking odors to residential areas. Prior approval of these systems is required and should be included in the submission drawings.

Production area design should be incorporated with sound absorbent doors, and designs in order to minimize the noise pollution to residential areas of Hiyaa. It is also recommended to use sound proof/ less noisy equipment in the planning stages for units.

- Accessibility Features Specific to F&B Outlets

- The path of travel around self-serve stations, ordering, pick-up counters, and seating areas should be designed with enough clear space for people using wheelchairs, other mobility aids, especially when chairs are pulled out and occupied.
- Dining areas should include accessible seating for wheelchair users and be spread throughout the seating areas. Design storage spaces for accessibility devices so that they are not in the way of other diners or servers.
- Utility Detail Requirements
 - Incorporation of energy efficient appliances, fixtures and HVAC systems. Estimated load requirements to be submitted with drawing and should not exceed the available limit allocated for the unit
 - Increase natural daylighting whenever possible to reduce energy use and to improve the quality of the work spaces and dining experience.
 - Water meters and sewerage connection points should be provided as per approved design; hence these areas have to be specified.
 - Separate oil traps must be provided in facility or at a location approved by HDC.

5.1.3 Clinics

These are units reserved for use as clinics typically serving outpatient customers, if radiological equipment/ surgical gas is in use, the space must be properly insulated and should comply with relevant rules and guidelines set by the authorities.

Key considerations

- Incorporation of energy efficient appliances, fixtures and HVAC systems. Estimated load requirements to be submitted with drawing and should not exceed the available limit allocated for the unit
- Use of energy efficient lights whenever applicable.
- A general space distribution plan which shows consultation areas, waiting areas and path of travel with disability access in mind.
- Waste disposal has to be regulated and must adhere to relevant guidelines and laws.
- Water meters and sewerage connection points should be provided as per approved design; hence these areas have to be specified.

5.1.4 Child Care Services

These are units reserved for childcare services at Hiya housing project. The purpose of these facilities is to allow employees to respond to their dual work and family responsibilities effectively.

- These units have to be managed by a licensed childcare facility registered at the relevant ministry
- Child Care space types include additional support and space sub-types, including toilets, food preparation and service, office space, and meeting space, as well as security features required.
- Security equipment types may include access control, CCTV systems, alarm systems.
- Waste management area should be allocated in unit which could accommodate two separate bins for recyclable and general waste separately.
- Natural lighting and ventilation options are recommended.
- Evacuation plan and exit pathways should be included.

5.1.5 Community and Institutional Purpose Units

These units are reserved for community and institutional tenants such as but not limited to educational institutes, religious services, non-profit art institutions, NGO's, career and non-paid internships etc.

Key considerations:

- Has to be registered at the relevant authority and must adhere to rules and guidelines of relevant authorities.
- Incorporation of energy efficient appliances, fixtures and HVAC systems. Estimated load requirements to be submitted with drawing and should not exceed the available limit allocated for the unit
- Waste management area should be allocated in unit which could accommodate two separate bins for recyclable and general waste separately.

5.2 Design Guidelines

5.2.1 Façade, Unit Exterior and Signage

- a) The predominant material for façade and unit exterior has to be frameless glass. This is to ensure liveliness of the commercial front and surrounding.
- b) The front frameless glass area can be covered by a sticker/frosting/opaque material, according to branding preference.
- c) A roller shutter door can be used to close at the end of business hours.
- d) Minimum height of the entrance door should be 2.1m.
- e) All units must have disability access of 1:12 slope & strictly not less than 1:10, provided within the units from the corridor to unit's floor finishing level if unit floor finish is above 25mm high.
- f) If the tenant requires a name board to be projected perpendicular to the façade at the walkway towards the courtyard, it should not be projected more than 550mm and in a clear height of 2.2m from the floor finish level of walkway. Each unit is strictly entitled to and limited to one number of such projections. Any name board or signage can be fixed or stamped directly to the wall or facade.
- g) The exterior of the units (facing towards outside of the building) can be re-designed and renovated to the tenant's preference.
- h) It is prohibited to fix anything that extrudes from the unit's exterior wall facing towards outside of the building.
- i) All AC outdoor units should be fixed within the boundary of the unit venting towards the exterior of the units and must be screened to hide view from outside. The location of the AC outdoor units is indicated in the guidelines drawings and services drawings are required for approval.
- j) Access to services (if any), should be provided.

5.2.2 Equipment installation and HVAC (Heating, Ventilation, and Air Conditioning) Layouts

HVAC Layouts will be provided to ensure that the aesthetics of the building is maintained and to ensure easy access in case of maintenance and cleaning. The location of the AC outdoor units is indicated in the guidelines drawings and services drawings are required for approval.

Tenant should keep the units at a temperature compatible with comfortable occupancy during the business hours. Odor-producing tenants such as restaurants, cafés, salons etc. may be required to maintain a negative air

pressure (relative to adjacent areas) in order to prevent the emission of such odors into adjacent spaces in the premises or into the common areas.

5.3 Drawing Requirement

Drawings should be submitted to HDC for approval. Below are the minimum requirements for approval:

- Detailed Floor Plans with dimensions.
- Circulation plans.
- Demolition plan if in case of any demolition.
- Exterior & interior elevations.
- Services drawings should fit to guidelines set by relevant authorities and units larger than 550 Sqft should be approved and signed by a registered professional.
- Fire drawings approved by MNDF.
- Electrical load calculations need to be submitted for commercial units that uses high voltage such as (but not limited to) supermarkets, cafe's, restaurants etc. The load calculations submitted, should be signed by a registered professional from the relevant authorities and should not exceed the available limit within the unit.

All drawings should be compatible with Autodesk software, and softcopy of drawings should be provided with the approval drawing.

6. UTILITIES PROVISIONS AT THE PREMISES

6.1 Electricity Allowances

As part of our sustainability goals, we are standardizing the electricity provisions keeping it as per standards followed internationally.

An electricity provision will be allocated from the main panel board according to the size of the unit and usage allocated for the unit but meter connection and any sub paneling has to be borne by tenant and should be according to approved electricity layout by relevant authorities. These layouts have to be shared with HDC.

6.2 Water Connections

Water connection provisions up to the unit will be given to tenants who require water as per the usage allocated, however the meter connection charges will be borne by tenants

6.3 Drainage Systems

Grease traps are essential to units that would be using large quantities of oil. These oils solidify when cooled and is bound to block drain pipes that would connect to the main sewerage pits. In order to minimize this, tenants that require grease traps are advised to provide grease interceptor mechanism at the unit before connection to main lines.

The effectiveness of the system should be monitored regularly and should conform with MWSC guidelines for oil traps.

6.4 Telecommunication and fiberoptic network

All the Hiya buildings are equipped with state of the art GPON fiber (an all in one fiber connection for telecommunication). All the in-building connections will be managed and operated by HDC in coordination with service providers. Connection provision will be provided up to the unit and all internal connections within the units are to be borne by the tenant.

7. THE CONSTRUCTION PERIOD

- Work schedule should be provided by the tenant prior to agreement signing.
- Establish a contact focal and details of allocated contractor.
- The tenant should provide construction fencing and project construction signage. Wrapping/ branding is allowed during the construction period and must be approved prior.
- All construction materials should be maintained inside the unit.
- Maintain pedestrian walkway protection near the project. (From overhead falling objects, projectiles and construction material which may protrude through the fence).
- All walkways and fire lanes must be kept clear of construction materials.
- Maintain construction noise within acceptable levels and working hours should comply with guidelines and rules set by authorities and the lessor.
- Ensure dust control outside the unit and should be cleaned effectively.

8. IMPROVEMENTS ALTERATIONS AND ADDITIONS

Tenant should refer all contractor's, subcontractors and installation representatives rendering any service to the premises on behalf of the tenant to the property manager for approval prior to commencement of the works. Any changes brought to the unit by the tenant, from the time of takeover until handover upon expiry of contract, should be informed and approved by HDC.

Tenant should comply with the exterior signage criteria set by the lessor and any addition or modification of the signage and should be responsible for any damages caused to the structure of the premises resulting from the tenant's negligence.

8.1 Internal Modification

Internal modifications can be brought to the units. These modifications must be prior approved by HDC. Below are the minimum requirements for approval:

- 8.1.1 Detailed Floor Plans with dimensions.
- 8.1.2 Demolition plan should be approved by HDC and within the demolish-able limit of the unit.
- 8.1.3 Exterior & interior elevations of the units are required.
- 8.1.4 Services drawings should fit to guidelines set by relevant authorities and approved by registered professionals.
- 8.1.5 Fire drawings approved by MNDF.
- 8.1.6 All drawings must to be submitted to HDC and should be compatible with Autodesk software.

9. THE TENANCY PERIOD

9.1 Usage of the Units

Tenant should use the premises in compliance with all the applicable laws and guidelines including obtaining and maintaining all the permits and licenses required for the operation of the business within the designated units. Copies of all the licenses and permits should be provided to HDC whenever required and those needed to be displayed according to the laws must be visibly displayed at all times.

9.1.1 Operating Hours

The opening/closing hours of the units are to follow those set by the relevant authorities for that particular type of service. Tenants that have permit to operate 24 hours should inform the property manager allocated for the specific unit and must conform to the rules and guidelines of the relevant authorities. Safety measures must

be taken and tenants must ensure that the residents are not disturbed during these hours.

Security personal will be available in the premises 24hours throughout the week.

9.1.2 Loading and Unloading

Every building of the Hiyaa project has a dedicated loading and unloading area with ramp access so that the businesses, service providers and its residents can move large goods easily. Therefore, it is important that all the parties coordinate in an effort to minimize congestion and to ensure that the area is utilized efficiently.

It is recommended to maintain a delivery schedule so that the time slots can be managed. Vehicles should be moved as soon as loading and unloading is completed in order to give way for the next user. These movements will be managed by the security officers at the premises and tenants are requested to coordinate for smooth operation.

9.1.3 Usage of Common facilities

Public toilets are available in alternate buildings. These facilities will be cleaned and managed by the lessor. The use of the facilities is solely for the commercial area users and general public.

The use of these facilities by commercial tenants for own purposes is prohibited. If unauthorized usage is identified the tenant will be fined. The operational hour of these facilities is up to the discretion of the lessor and will generally be open during the operational hours of the commercial units.

9.1.4 Waste Disposal
